

EXECUTIVE SUMMARY: RUBY AUSTRALIA SPONSORSHIP 2025

Ruby Australia (aka Ruby AU)

Ruby AU is an Australian not-for-profit organisation dedicated to supporting the community of Ruby developers in Australia. Regular community events are run by Ruby AU for the benefit of our members. The flagship event is RubyConf AU, our annual national conference. It features both domestic and international speakers, and attracts 300~500 attendees each year. Additionally, we also run Ruby Retreats (formally Rails Camp), monthly Meetups in capital cities, and periodic Rails Girls events (an introduction to coding with Ruby).

Why Sponsor Ruby AU?
